

Eclipse Soundscapes Observer- Field Notes

How do solar eclipses affect animals & insects?

Date: _____ Location: _____

Latitude & Longitude (DD) _____

Location Type: (urban / suburban / country) _____

Location Description: (forest, park, lakefront, etc) _____

How many people are nearby? _____

← Eclipse Maximum

Weather: _____

Start Time: _____

Observation Start Time: _____ Observation Stop Time: _____

(For 10+ minutes) Before Eclipse Maximum (Hear / See / Feel) - Species? behavior?

Insects	Birds	Amphibians
Mammals	Reptiles	People/vehicles

During Eclipse Maximum (Hear / See / Feel) (Hear / See / Feel) - Species? behavior?

Insects	Birds	Amphibians
